

# Tailoring Course 2022

Our tailoring program is for young women and girls, who dropped out of school because of poverty or early pregnancy. We engage them in activities to receive psycho-social support, learn vocational and business skills and how to live a self-sustainable life.

To make the course accessible for everyone, it is free of charge.

We want to start the next course with 13 beneficiaries in July. By donating 100 Euros YOU can be a sponsor of one girl for a 6 month tailoring course.

Make yourself or someone you love a Christmas gift with a sponsorship certificate. After the donation transfer you can send an E-mail to [deutschland@childrencareuganda.org](mailto:deutschland@childrencareuganda.org) and receive a certificate for printing.
